Ernährungs- und Land-
wirtschaftspolitik
in der Region
**Ernährungs-
rat BERLIN**

Political roundtable

Establishing a political roundtable on food poverty and inclusive food environments

Goal: Raise political and public awareness about the impacts of food poverty, secure political support for inclusive food environments, and promote statutory measures to address food poverty

Food poverty tracker

Piloting a Berlin food poverty tracker to raise awareness towards political agenda setting and evidence-based policy and advocacy

Goal: Improve data and first-hand perspectives on food poverty to enable effective political responses and food governance

Interculturally appropriate food environments

Co-creating an intercultural neighbourhood food hub and event series linked to a community garden in Rollberg, Neukölln district

Goal: Establishing a structure for interculturally appropriate and sustainably produced food in the neighborhood in cooperation with residents and initiatives. Learn from intercultural perspectives (esp. Turkish and Arabic communities) to inform urban planning and increase inclusivity of local food environments

Food sensitive spatial planning

Urban planning intervention to shorten the distances and increase the diversity of food options in Falkenhagener Feld, Spandau district

Goal: Contribute to diversifying and increasing the proximity of affordable, sustainable and healthy food environments in Falkenhagener Feld in participation with residents and local businesses
