FoodCLIC. We are connecting people, food, policy, and places.

FoodCLIC is a four-year project funded by the EU. The project runs from September 2022 to February 2027. The acronym FoodCLIC stands for 'integrated urban FOOD policies – developing sustainability Co-benefits, spatial Linkages, social Inclusion and sectoral Connections to transform food systems in city-regions.

Funded by
the European Union

WE ARE FOODCLIC.

PEOPLE. FOOD. POLICY. PLACES.

Europe's urban areas face significant challenges to ensure the availability and consumption of healthy, affordable, safe and sustainably produced food. Promising initiatives taken by municipalities often fail to become embedded in the wider policy context, and to reach food-deprived and vulnerable groups. **FoodCLIC**, an EU-funded project that runs from 2022 to 2027, **connects people and policies from different sectors for an integrated approach to transform urban food environments and food systems.**

TAKING ACTION IN 8 PILOT CITY-REGIONS.

AARHUS, Denmark

AMSTERDAM, Netherlands

BARCELONA, Spain

BERLIN, Germany

BRASOV, Romania

BUDAPEST, Hungary

LISBON, Portugal

LUCCA, Italy

AND 8 BROADENING CITY-REGIONS.

IN EUROPE:

FREIBURG, Germany

TBILISI, Georgia

THESSALONIKI, Greece

TIRANA, Albania

WROCLAW, Poland

IN AFRICA:

EBOLOWA, Cameroon

ETHEKWINI MUNICIPALITY, South Africa
