

EUROPEAN PLATFORM FOR FOOD POLICY NETWORKS

Your online space to connect, exchange and learn Europe-wide!

Representatives of Food Policy Networks and Councils in Europe are invited by FoodCLIC to join the new online platform - created specifically and exclusively for them!

THE PLATFORM. WHAT IS IT?

- **A reliable environment that fosters connection and collaboration** among networks and experts engaged in urban, regional, and national food policies.
- **A space that makes the experiences and expertise of networks visible**, facilitates dialogue between local actors and European institutions, and strengthens the ability to influence food policies.
- **A hub for existing resources and initiatives**, making them more accessible and connected for the entire European community of food policy networks and councils.

WHO IS IT FOR?

Food Policy Networks, Councils, associations and multi-stakeholder groups working on food system issues at urban, regional or national level. Members include public administrations, civil society, research, businesses, and communities.

FIVE PILLARS. WHAT'S IN IT FOR YOU?

- **Connection & recognition:** introduce your network and find partners.
- **Community & networking:** join a European community and share experiences.
- **Knowledge sharing:** access and exchange resources and solutions.
- **Collaboration & opportunities:** plan joint initiatives and events.
- **Safe communication:** enjoy a moderated, inclusive space.

REGISTER NOW!

The Platform is founded on inclusion, transparency and collaboration. Each member can shape its content and benefit from exchange opportunities.
